What is the South Bucks District Council Your Choice Equity Loan Scheme?

Low-interest equity loans are designed to boost affordability by topping up your maximum mortgage capability. The South Bucks District Council Your Choice Equity Loan Scheme thus gives aspiring homeowners a route to purchasing a home that would normally be out of their financial affordability.

What's the Open Market?

Once you have been confirmed as eligible for the scheme, you are able to find your property on the open market. This means you can buy any property of your choice, as long as it is not tied to another government backed affordable homeownership scheme (e.g. part-buy/part-rent) etc.

You can find your perfect home of your choice by looking at property websites online, local newspapers advertisements, and visiting your local estate agents.

The scheme is co-funded by Catalyst and South Bucks District Council. Application processing and delivery of the scheme is done by Catalyst. This scheme offers a low interest equity loan with nothing to pay for 2 years to help make your aspiration of homeownership a reality.

Who is eligible?

Social tenants

Existing housing association tenants in the South Bucks District Council area, where the existing property will be offered to the local authority for a nomination.

Local connections

First Time Buyers that live or work in the South Bucks District Council area and have done so for at least 12 months (subject to the Property Eligibility criteria).

Wexham Park Hospital

First time buyers who are permanently employed at Wexham Park Hospital and have been for the last twelve months.

Others with changing circumstances

Those experiencing a major change in their circumstances, i.e. disability, prolonged illness, increase in family size, divorce or separation.

What are the additional considerations?

- Total household income must be below £60,000 per annum
- Sufficient savings are required to cover purchasing costs and deposit
- Must not have been in rent arrears in the past 12 months
- Unable to purchase a suitable property without assistance
- Not named on the deeds of another property whether in the UK or abroad, unless the property is being sold

If you fit the eligibility criteria, complete the application form today to take advantage of the low interest equity loan with nothing to pay for 2 years as funds are limited.

How much support can I get?

Depending on your circumstances you could receive a loan of between 15% - 50% of the property value. The maximum loan available is £100,000 (dependent on your assessment).

- To obtain a mortgage, purchasers will probably need to raise a deposit of at least 5%* of the property they are proposing to purchase and purchasing costs which may include solicitor's and mortgage fees, Homebuyer report and stamp duty. Please note, the lending policies of financial institutions are subject to change.
- Before applicants are allowed to proceed, a satisfactory affordability assessment must be obtained from the approved scheme Independent Financial Advisor (IFA) to determine your eligibility for the scheme.

* Deposit requirements may vary.

What is the process?

Step
01

Register with Catalyst

Complete the required application form. Catalyst will then submit your application to South Bucks District Council for approval.

Step
02

Receive notification from Catalyst

Catalyst will generally contact you within 8–10 working days outlining the range of support that you could be eligible for and provide you with a Property Information Form (PIF).

Note: If you are not eligible for the scheme you may still be able to benefit from the other affordable home ownership options available. Please call 0300 456 2077 to find out which schemes are available in your area.

Step
03

Open Market Search

You are advised to speak to an Independent Financial Advisor (IFA) for a provisional mortgage calculation. You can then begin to search for your new home on the open market through your local estate agents, looking at property websites and newspaper advertisements etc.

Step
04

Found a new home?

Submit your PIF to the IFA. This will then be given to Catalyst along with the relevant financial assessments and documents. A copy of the property particulars should also be provided by the selling estate agent.

Step 05

The property is assessed

Catalyst Equity Loans team will assess the suitability of the proposed property and obtain final approvals i.e. from South Bucks District Council, if required.

Step 06

Instruct professionals

Conditional consent will be granted to purchase the property using assistance from the equity loan scheme. At this point you will need to instruct solicitors and contact your IFA to submit a full mortgage application. If required we can provide a list of solicitors that you may want to choose from to represent you in the purchase.

Step 07

Exchange date is set

The remainder of the property purchase will proceed in the normal way. Your solicitor will conduct all the relevant searches and seek confirmation with your mortgage provider and Catalyst Equity Loans team that all the relevant funds have been approved.

You will need to co-ordinate with your IFA and solicitor and ensure we receive a copy of your mortgage offer and a Homebuyers' survey for approval before the exchange can be authorised.

Once Catalyst has provided your solicitor with formal authority to exchange, the exchange can take place. Completion will be at least 10 working days after exchange and is conditional on your direct debit mandate being received, as well as signing the Equity Loan Agreement.
